Subject: Important Update – Secure Document Submission Portal

Dear Client,

As part of our commitment to protecting your personal and financial information, we are implementing a **secure document collection system** in compliance with India's **Digital Personal Data Protection (DPDP) Act, 2023**.

What's Changing?Effective immediately, we will **no longer accept** the following documents via:

-  WhatsApp
-  Regular Email (for sensitive files)
-  SMS or Text Messages

Why This Change?

Under the DPDP Act, CA firms are legally responsible for protecting client data with "reasonable security safeguards." WhatsApp and email are **not end-to-end encrypted for document storage** and do not meet compliance standards for transmitting:

- PAN cards and Aadhaar documents
- Bank statements and financial records
- Income Tax Returns (ITR) and Form 16
- Audit reports and GST filings
- Any document containing personally identifiable information

How to Submit Documents Going ForwardWe have set up a **secure, encrypted document portal** where you can safely upload your files:

-  Portal [link: [Insert your VerifID Forms link](#)]

Benefits to You:

-  Military-grade encryption (your data is locked end-to-end)
-  No installation required (works on any device)
-  Instant confirmation when we receive your documents
-  Track submission history anytime
-  Your data is never stored on third-party servers like WhatsApp

Need Help?

If you have any questions about the new portal or need assistance uploading documents, please contact us at:

-  Phone: [Your Firm Contact]
-  Email: [Your Firm Email]

Thank You

Your trust is our priority. This upgrade ensures that your sensitive financial information remains confidential and compliant with India's data protection laws.

We appreciate your cooperation.

Warm regards,
